Terry Cooper

We've gone 19 games with only 2 defeats now and that shows we've found consistency in our play. The pattern of play is there now, and in the last three games we've reached the result.

The two F.A. Cup matches against Swindon were a credit to football. There was so much action and they must have been great to watch.

Steve Neville took his chances well in the replay here, and he has been outstanding recently. He thoroughly deserved his hat trick, and of course it set up the second round match with his old club Exeter next Saturday.

Keith Waugh made a great penalty save when the score was 3-2, which certainly helped us, but I also thought David Tong had an excellent game.

He has steadied the midfield, sitting back to let Bobby Hutchinson zip forward. And David's passing is superb. It's easy to see why he's been a good second division player.

Overall, the two cup matches were a delight, and some of the credit for that must go to Lou Macari. He's building up a fine side at Swindon, and after the goalless draw there, you thought he might have got his team playing defensively here.

But he committed them to attack, and it almost paid dividends when they came back to lead 2-1. In the end, I'm happy to say, our superior class won through.

The hard pace of those two games effected us at Swansea last Saturday. We just couldn't get going and played some bad passes. They took the lead, but then Bobby Hutchinson got two goals from nowhere. Suddenly at half time we were 2-1 up.

But I still told the players that we haven't put our game together despite the score line and in the second half they went out and controlled the match playing some lovely football again.

Swansea never had a chance, and their manager John Bond, who has seen it all in the First Division, complimented us on our play.

He said he would come and watch Bristol City at Ashton Gate every week if he could because we played football the right way, with a good method.

That's nice to hear, and perhaps it shows that we're on the way to getting it right at the club.

After a season of struggle last term, when they saved themselves from relegation with five victories in their last ten matches, Bolton began this season with optimism. An influx of experienced new players was the basis for their hopes of a change in fortune but to-date the Lancashire club must reflect on a disappointing season. In the lower reaches of Division Three and already out of the F.A. Cup, having been beaten 3-1 at Fourth Division Wrexham, they seem set for another season of struggle. Away from home, Wanderers have managed only seven points from nine matches. Two victories – at Newport and Cardiff, both 1-0 – and an early season draw at Doncaster (1-1) achieved that tally, and there have been defeats at Gillingham, Walsall, York City, Reading, Bristol Rovers and Notts County.

Manager **CHARLIE WRIGHT** has the job of steering Bolton clear and he's used to the ups and downs in football. In his playing days he was a goalkeeper with Morton, Rangers, Workington, Grimsby and Charlton as well as having a spell at Burnden Park. He was appointed manager during last season after the departure of John McGovern, under whom he served as coach. Charlie has kept a watchful eye on **SIMON FARNWORTH**, his first team goalkeeper. He has coached him since school days and has seen him develop into one of the most promising talents in the North West. Voted 'Player of the Season' by the fans last season, he's been a regular for the past two seasons and has now reached 100 League games for the club. Although he made his mark last season in midfield, **WARREN JOYCE** has found himself at fullback on occasions this season. A determined young sporting all-rounder, he's been a regular in the Bolton side since making his debut as a nineteen-year-old in April 1983.

Local lad **JIMMY PHILLIPS** has emerged as a defender with many encouraging qualities. He has appeared at left back this season and can also play at the centre of the defence. Another youngster, **PAUL FITZPATRICK**, has also claimed a fullback spot this season. Bolton moved in for Paul after seeing him in trials with Liverpool. He showed lots of promise in his appearances at senior level towards the end of last term.

The highly versatile **DEREK SCOTT** joined Wanderers from Burnley for £20,000 during the summer. Gateshead born and a former England Schoolboy International, defender Derek had ten seasons at Turf Moor. He was recently featured at the heart of the defence along with **MARK CAME**. The big centre half made a big impact last season – his first in League football after joining Bolton from non-league Winsford.

Injury has robbed the club of the services of summer signing **DAVE SUTTON**. The former Plymouth defender joined Bolton for £12,000 from Huddersfield where he spent eight years. While at Leeds Road, he teamed up with

BOLTON WANDERERS *Phil Tottle*

Back Row: Mark Came, Dave Sutton, Simon Farnworth, Paul Fitzpatrick, Sam Allardyce.
Middle Row: Walter Joyce (Coach), Steve Thompson, Tony Caldwell, Jimmy Phillips, David Cross, Roger Walker, Warren Joyce, Peter Nightingale (Physio).
Front Row: Asa Hartford, Derek Scott, Graham Bell, George Oghani, Dean Roberts, Simon Rudge, Charlie Wright (Team Manager).

SAM ALLARDYCE who is now in his second spell at Burnden Park. Sam made his name in the seventies when he shared in the club's Second Division Championship success. He has also had spells at Sunderland, Millwall and Coventry. The midfield department has been boosted by the signing of the vastly experienced **ASA HARTFORD** in the summer. He's played in the First Division with West Brom, Manchester City, Nottingham Forest, Everton and Norwich City and it was from Norwich that he joined Wanderers after his shock release. Regarded as one of the most influential midfield players in British football, Asa has won a half century of Scottish International caps. He is partnered in midfield by the strong **STEVE THOMPSON**. A powerful shot is just one of the young midfield player's assets who has been a first team regular for the past two seasons as has another midfielder **GRAHAM BELL**. Now in his third season, Graham joined the club from Carlisle. He has a wealth of experience to offer after spells at Preston and Oldham.

Few men can boast as consistent a scoring record as much travelled striker **DAVID CROSS** who joined the club after being released by West Brom where he had returned after playing in America. He's served up a feast of goals at Rochdale, Norwich, Coventry, West Ham, Manchester City and Oldham in

over 500 League appearances. After netting seven times in the opening seven games, he's failed to find the net since. Goals generally have been scarce and no one has suffered more than **GEORGE OGHANI**. Twenty-one goals last term proved that the talented striker who made goal scoring his business in non-league football, also had the instinct to make it in the Third Division but this season the touch has deserted him and he has just one goal to his credit. That's two less than **TONY CALDWELL**. Tony has been the club's leading goalscorer in successive seasons since being snapped up from non-league football in the summer of 1983. Within two months of making his senior debut, he scored a club and Third Division record of five goals in a League game against Walsall.

Youngster **ROGER WALKER** has been impressing in the club's junior sides for a couple of seasons and made his senior debut in the last match of last season. His speed and control have provided this promising talent with further opportunities this term. Small in stature but big in heart **SIMON RUDGE** began his career with Wanderers as a striker but made an impressive switch to midfield last season. He hasn't figured regularly in the first team this year whilst injury has robbed **DEAN ROBERTS** of a possible senior breakthrough in one of the striking positions.

Richard Latham Robins' Diary

JOHN SHAW AND ALAN CRAWFORD are eagerly looking forward to their return to Ashton Gate with Exeter City next Saturday.

The F.A. Cup second round draw could hardly have worked out better for the two City old boys, who were released on free transfers at the end of last season.

Both were disappointed at having to leave Ashton Gate and they will be keen to put one over on their old team-mates by helping Fourth Division Exeter achieve a place among the big clubs in the third round.

John, who spent 11 years with City before moving to St. James' Park, admits he could have trouble finding his way to the right dressing room.

"I once played for Leeds United in an F.A. Youth Cup tie against City but that seems a very long time ago," he told me. "I still have a lot of friends at Ashton Gate and it will be a bit strange being in the opposition.

"But I was delighted when I heard the draw. We will bring quite a few fans and it should be a good atmosphere and an exciting match."

Alan, who scored 16 goals in City's promotion season from the Fourth Division, is equally pleased at the early opportunity to face his old mates.

"Ashton Gate is one of my favourite grounds and my memories of playing for City will always be happy ones," he said. "I have no axe to grind at being released. These things happen in football.

"We have been picking up some good results away from home in recent weeks and are capable of giving City a good game. We would have preferred home advantage, but I think we will give a good account of ourselves."

★ ★ ★

STEVE NEVILLE, whose hat-trick sank Swindon Town in the first round replay, is another player with extra reason to look forward to the second round tie.

He spent five years of his career with Exeter in two separate spells and could hardly have hoped for a better reward for his cup goals.

"The team has changed a lot since I left Exeter, but it will still be a very special game for me," he said. "My telephone hardly stopped ringing when the draw was made and I shall have a lot of friends in the crowd."

Steve's hat-trick against Swindon was his fifth in League and Cup football. He left Ashton Gate proudly clutching the match ball which now has pride of place among his soccer souvenirs.

"That night has to rank as the highlight of my career," he said. "To score three times in such a marvellous match gave me great satisfaction."

★ ★ ★ ★ ★

GARY MARSHALL is back in action for City Reserves after a frightening experience in a Western League game with Shepton Mallet.

The promising winger suffered damaged ankle ligaments in a crunching tackle and had to be put in plaster. But the injury could have been a lot worse.

"When the tackle came in I felt a click and I was convinced the ankle was broken," he said. "It was an awful moment but thankfully my fears were soon dispelled."

★ ★ ★ ★ ★

NICE TO SEE THAT former City favourites Gerry Gow and Tom Ritchie are still relishing the big match atmosphere. They were the outstanding players on the field as Yeovil Town went down 4-2 at home to Hereford United in the F.A. Cup first round.

The result was no reflection of battling Yeovil's contribution and even Hereford's ex-City defender Bruce Halliday had to admit "We would have settled for a replay".

The Travel Service are holding their Christmas Party after the Reading game in Club 85, from 8.00 p.m. – Midnight. Tickets are available at £1 each.

MASCOT:

Today's mascot is **MATTHEW SAYERS**. Matthew is a member of the Junior Reds and is a pupil at Hartcliffe School. He is 12-years-old and his hobbies, apart from football are snooker, collecting car numbers and doing a City Scrap book. His favourite players are Howard Pritchard and Steve Johnson and his ambitions are to play for City and see them back in the First Division.

SUPPORTERS UNITED:

Allow me to tell you about **SUPPORTERS UNITED**, a club formed by Tony Russell after the dreadful events of last summer. The aims of the club are simple:

1. To promote friendship and sportsmanship between rival supporters.
2. To assist the police and ground officials in their efforts to rid our grounds of the hooligan element.
3. To improve the image of the game and its supporters.
4. To unite all genuine football supporters.
5. For the club to have the largest membership of any club in the country.
6. For the club to be the voice of the true fan.

We will succeed in our efforts to make football grounds the safe, enjoyable places they once were. With your help our success will come sooner. Please write to Tony Russell, P.O. Box 89, Reading, RG6 3LA enclosing an sae. Membership is free, but contributions are welcome. We look forward to your comments.

Yours sincerely,

Stephen Hanley.

Dear Ray,

My Chairman Rodney Bush has asked me to write and thank you for the wonderfully warm hospitality and organisation extended to him and our Supporters last Saturday the 9th November, 1985, in respect of the Ground Collection, which amounted to £179.25, in aid of our Restoration Fund.

It is this goodwill shown by Clubs such as yours, the 'whip-round' in the dressing room of the Swansea players, a donation from hard-up Hartlepool Utd., etc. etc., which has helped to make our job worthwhile.

Once again our grateful thanks and we wish you a very successful Season both on and off the 'FIELD'.

Sincerely,

A. M. Townley,
Hon. Treasurer,
Trowbridge Town Supporters' Club.

Dear Des,

May I, through you, on behalf of Bristol City S.C. add our thanks for the facilities afforded by the board, to the lads of Trowbridge F.C., and the hospitality given to the board member and V/Chairman of Trowbridge S.C. by directors present.

Our appreciation also, to Secretary Jean, Peter Taylor of Bristol 85 Club, Dennis Langley, Richard Latham, John Cox and Les Croft for their co-operation and goodwill.

Thanks Again,

Yours sincerely,

Ray Hayward,
V/Pres't. B.C.F.S.C.

F.A. Cup Round 2 – Replay

If there is a replay with Exeter City this match will be held on Wednesday, 11th December and will be an 'all ticket match'.

Due to the restrictions at their ground, we will be issued with 1,000 ground tickets and 300 stand tickets.

Tickets will be on sale from Monday, 9th December.

Season tickets holders have until Wednesday, 4th December to claim their seats.

Grandstand tickets are now on sale but will you please note, no tickets will be sold for the Dolman stand except for season ticket holders.

Stewards and Stilemen

We still require stewards and stilemen for match days. If you are interested, would you please ring me at the office at Ashton Gate.

Corner

BOBBY HUTCHINSON

As told to Richard Latham,
Evening Post.

What marvellous entertainment our two F.A. Cup games with Swindon Town provided – and how tiring they were to play in.

It was hardly surprising that we looked a bit lethargic in the first half hour of our Third Division game at Swansea last Saturday. Some of us were still recovering from the cup battles.

I could hardly move the morning after our 4-2 replay win against Swindon. Both ties were played at a tremendous pace and were exhausting both physically and mentally.

The match at Ashton Gate had so many ups and downs. Swindon must have thought they were going through when they hit back to take a 2-1 lead early in the second half.

But Steve Neville's hat-trick and Keith Waugh's timely penalty save saw us home and now we can look forward to another attractive tie with Exeter City – John Shaw, Alan Crawford and all – next Saturday.

After the cup success it was nice to keep things going with an away win at Swansea – especially after the way they dominated the opening 20 minutes.

It took us a while to get going, but

once we got our noses in front there was never any doubt about the result. Two goals made it an especially satisfying afternoon for me and the second was unusual to say the least.

Everyone was asking me how I managed to score from such a narrow angle and whether I meant to cross the ball rather than shoot. The answer is that it was a shot, but that I didn't realise how close I was to the line when I struck the ball.

It certainly took Jimmy Rimmer by surprise. The Swansea goalkeeper came out to collect what he thought would be a centre and left a fatal gap at the near post.

Alan Walsh sewed up the three points with a superb second half goal and has been playing at the top of his form in recent games. He gave the Swansea defence a nightmare so let's hope he carries on the same way today.

We cannot afford to drop points at Ashton Gate if we are to close the gap on the leading clubs so nothing less than a win this afternoon will do. It would also put us in good heart for the cup tie which I am sure will prove another exciting encounter.

Junior Reds' Club

Hi Junior Reds!

There are no Junior Reds' birthdays today, but Steven Batten will be celebrating his fifth birthday tomorrow. Steven, who is one of our newer members, lives in Brislington and has Alan Walsh as his favourite player. I hope you have a good day tomorrow Steven and that City win today for you.

CHRISTMAS PARTY

I don't expect you need reminding that it is not all that long to Christmas now. The Junior Reds' Christmas Party and Disco will be held in the Supporters' Club on Wednesday, 11th December at 7pm.

Please could you or your parents help with food for the buffet. Things that have been popular with the ever hungry Junior Reds at previous parties are sausage rolls, crisps, cakes and other similar things. All help will be greatly appreciated.

During the evening we will be having a raffle. If you have anything you would like to donate as a prize, please would you let me know. I have a few prizes already, but I know you like raffles with lots of prizes, so any extras will be very welcome.

EXETER CITY CUP MATCH

If this game ends in a draw, the replay will probably be on the evening of our Christmas Party. If this is the case, we will of course change the date of the party. If I have managed to fix up a possible alternative date by this afternoon it will be given out over the loud speaker system this afternoon and also printed on the half-time quiz sheets. I will make sure an alternative date has been arranged, if needed, by the time I write the notes for the Exeter City programme, so please make sure you read those notes if the game is a draw.

Also on the subject of the cup tie, normal Junior Reds' admission prices of £1 will apply for Block G of the Dolman Stand.

MENTION IN THE PROGRAMME

I know how Junior Reds' Club Members like to see their name in the programme, but I didn't realise until the Swindon Cup replay, that a member of the committee likes to see her name in the programme as well. Dawn Barnett has told me I have got to mention how she predicted that Steve Neville would score a hat trick. It all started with Dawn and Mark Fox having a good natured argument about which player was best at scoring goals, Steve Neville (Dawn's choice) and Glyn Riley (Mark's choice). Dawn told Mark that Steve Neville would score the first goal and sure enough shortly afterwards Steve scored the first goal. When it got to 2-1, Mark told Dawn that Glyn Riley was the only one who could help City to victory now, but Dawn was convinced Steve Neville would be the one to make the score 2-2. Of course it wasn't long afterwards that Steve obliged with the second goal. Dawn was delighted and turned round and said, "He's going to get his hat trick now". No more predictions were made after the third goal went in but Mark was of course pleased that Glyn Riley got the fourth!

Let's hope Dawn has got some more good predictions today!

I hope you all enjoyed the talk with Alex Lockhart before this afternoon's game.

WHY CITY?

Subject: John Hillier, Commercial Manager

When John Hillier became City's Commercial Manager earlier this year, many fans must have wondered what he could do for this Club having come from the relative obscurity of Scottish Highland League side Keith.

In fact, John brought with him 17 years of experience in the difficult task of marketing football, a career he entered from the more stable environment of Banking and Local Government. "I was working for Devon County Council and playing an active part on the committee of Exeter City Supporters' Club when I was offered the full-time post as their first ever Commercial Manager. To actually get paid for something I really enjoyed doing made it worthwhile giving up the security of my job at the time."

After a successful spell at Exeter a similar opportunity arose at Colchester which John had no hesitation in accepting since it meant a return to his home town. During his time there, income from commercial activities doubled and whilst feeling that he had realised the full potential of the job, so came the opportunity to join Keith. "I had established connections with the Club during my time at Exeter – they were one of a number of Scottish Clubs selling our Lottery tickets. The Club made me an offer I couldn't refuse and the challenge was immense but the 1978 Lotteries Act opened up a whole new ball game for fund raising activities. Situated between Aberdeen and Inverness and with no significant on the field achievements the only available market was the local community."

John's success off the field was coupled with success on it as the part-timers became the Liverpool of the Highland League winning the Championship four times in 7 years. "One of the highlights was a Scottish F.A. Cup win away to Hamilton Academicals. Our hat-trick hero that day was Kevin Bremner, now with 3rd Division rivals Reading," John recalls.

John was successful and happy north of the border but says, "again I felt I had maximised the potential of the job, particularly as there was no chance of admission to the League which is even more of a closed shop than in England."

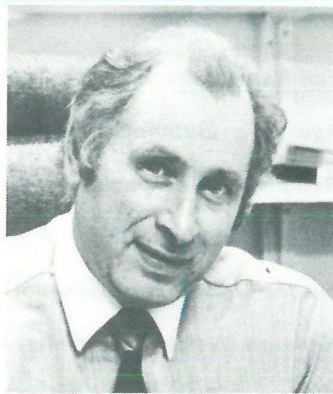

John was being approached by a number of Clubs when he applied for his job with Bristol City. "I knew the Club was financially sound but somewhat lacking direction on commercial ideas. The potential is here and it was this, coupled with a greater challenge, that made me opt for City rather than a First Division Club that offered me a job around the same time."

John's brief is simple – maximisation of revenue from off the field activities. His impact on this task is already apparent. "We have relaunched the Lottery, set up the City Society, and, despite drinking restrictions, arranged sponsorship for all but one of the remaining home games this season."

Future plans will see computerisation of the Lottery in the New Year, "It will make us even more efficient than we are now and allow us time to concentrate on doubling the points of sale (currently 600) over the next 12 months."

John is very keen to promote the game as a family event and will be seeking to bring about a return of pre-match entertainment.

John's basic philosophy is simple, "I can see growth for both the Club and its commercial activity by planning and consolidating rather than overnight success without suitable back up," and he adds, "all the Clubs I've been with have had success on and off the field and I aim to play my part in achieving the same with Bristol City."
